

RENTERS INSURANCE

Your Safety Net in Case of Fire

Nearly 2 million people rent their homes in Pennsylvania. Fires can happen unexpectedly, and without protection, the aftermath can be devastating.

WHY RENTERS INSURANCE MATTERS

- ✓ **Affordable Protection:** Most renters insurance policies cost between \$15 and \$30 per month. Many companies let you bundle with other insurance, like auto, to save even more.
- ✓ **It's Never Too Late:** Already moved in? You can start a policy at any time, though some benefits may have a short waiting period.

WHAT RENTERS INSURANCE COVERS IN CASE OF FIRE

- ✓ **Accidental Fires:** Cooking accidents, electrical issues, or other unforeseen events inside your rental unit.
- ✓ **Smoke Damage:** Even if the fire doesn't touch your belongings, smoke can cause damage that's often covered.

IF YOUR RENTAL IS UNINHABITABLE AFTER A FIRE, MANY POLICIES COVER

- ✓ **Temporary Housing:** Hotel or rental costs while your home is repaired.
- ✓ **Additional Living Expenses:** Food, transportation, and other extra costs while displaced.

Protect your family and your belongings.

Renters insurance is affordable, accessible, and one of the smartest ways to prepare for the unexpected.
